Table D'hote Menu

You are required to create a three course meal for two people. Your menu must have a theme that can be ethnic (Mexican, Greek, French, etc.) or a special event (Pirate Menu, Wild Western, etc.). You must have an appetizer, main course and a dessert.

Recipes must be included for everything on your menu. Keep in mind the sides and sauces as well. So if by some weird chance you had a roast beef style main course, you would have a recipe for the beef, one for the gravy, one for the vegetables and one for the starch and so on, not to mention your appetizer and dessert. **The recipes should be scaled down to make enough for two servings.**

You must also have a bibliography citing the resources for the recipes, whether be from a book or an internet site. Try to use more than one source having at least one book recipe and one electronic.

Please include a decorative title page that reflects the setting you will be serving. MUST BE IN METRIC! Also the ingredients should not have decimal places in the amount needed.

This assignment is due May 17th .

Table D'Hote Menu

/5 Project is typed out

/3 Title page (relevant to meal)

/5 Has a Menu Page (Listing all Courses)

/3 Minimum 3 items (App, Main, Dess)

/5 Appropriate Ingredients/Non-Repeating

/15 All Recipes Present for Menu

/4 Bibliography

Total   **/40**
